Municipal Bus Runs Amok Down San Jose Avenue CITY BOND ELECTION TUESDAY

Record Number Eligible To Cast Votes In Special Election On Three Issues

A record number of 9627 Daly City voters will be eligible to go to the polls Tuesday from 7 a.m. to 7 p.m. to vote in a special election on three city bond issues.

The three issues, totalling \$723,500, include completion of the War Memorial building and increased fire and water department facilities. The first two will require a two-thirds vote for passage, while the water bond needs only a simple majority.

REC COMMISSION INTERVIEWS TEN FOR LOCAL POST

After interviewing 10 applicants for the position of recreation director in Daly City, the Daly City recreation commission came up with four names to be referred to the city council at their Monday night meeting.

The commission, after interviewing at a session last Friday which lasted nearly all day, selected the following persons as eligible for the position: James Mason, Kenneth Redlin, Susan Gordon and Betty Rank.

Mason, 25, is at present recreation director at Fairfield, where he has carried out his duties successfully, according to references received at city hall. He was born in Helena, Mont., and was graduated from Stanford university in 1951, with a bachelor of arts and master of arts degrees. He

NEW BUS SERVICE BEGINS MONDAY

New route for the No. 76 bus, which will take it through Broadmoor and Westlake, will begin Monday morning at 6:15 a.m., according to C. D. Miller, general manager of the municipal railway.

Bus service from Daly City will commence at this time and will cease at 9:45 p.m.

Service from Junipero Serra and Worcester starts at 6:45 a.m. and continues until 10:15 p.m. Both of these schedules are for Monday through Saturday, according to Miller, with no buses running the new route on Sunday.

Largest single item is the water bond, \$390,000. Passage of this issue would allow the city to go ahead with construction of a new 3,000,000 gallon reservoir and purchase of additional water facilities.

At present the water supply here has reached its potential, according to Arthur J. Bodien, supervisor of the water department. The new reservoir would supply a population of 35,000 here, according to Bodien. The water bonds will be redeemed from revenue earned.

Voters will also decide on the \$173,500 fire bond which will mean increased protection of lives and property here. It has been pointed out by Fire Chief Elmer Kennedy that, in event the bond fails,

An Endorsement

THE RECORD heartily endorses all three bond issues coming before the voters Tuesday. We, along with many civic leaders and community-minded organizations, believe that all three projects—completion of the Community Center, increased water facilities, and additional fire department equipment and facilities—are all necessary to the welfare and healthy growth of Daly City. We believe a "Yes" vote Tuesday is a vote for civic betterment.

COUNCIL MEMBERS ALL FAVOR USE OF COMMUNITY CENTER FOR CLASS ROOMS

A delegation of six persons from General Pershing PTA, headed by Mrs. George Naylor, chairman, descended upon the city council at an adjourned meeting Monday night to gain assurance from council members that space in the

Community Center would be available for temporary school-room use.

Mrs. Naylor presented a talk outlining the overcrowded conditions of schools here and pointing out the inadequacy of education brought on by double sessions.

Claiming it would be "a mockery and a terrible reproach on the community spirit" if a few rooms of the center could not be used for school quarters, Mrs. Naylor culminated her talk by asking each individual councilman to state his opinion on the issue.

All the councilmen said that they were in favor of the center being used for class rooms if the overcrowded condition continues. However, members of the council pointed out that, contrary to Mrs. Naylor's report, they had never opposed such a move, but had only recommended that it be delayed until facilities in the building were adequate and safe for children.

Under terms agreed to Monday night, the building will house temporary (probably for one year) class rooms beginning next fall. H. Z. Weibel, superintendent of Jefferson elementary school district, was present at the meeting and said the district would meet costs of installing temporary quarters there.

The delegation representing the PTA was: Clyde Noe, Robert Keith, Mrs. Harry Smith, Larry Yule, Mrs. Marie Weeden and Mrs. Naylor.

Bus Takes Off On Early Morning Trip; Raises Havoc Here

END OF THE JOURNEY—After downing a 120-foot pole in front of THE RECORD office, this nearly defunct Broadmoor Village Bus

No. 76 sheared off a street light, then came to rest against another pole on Rice street, about a quarter of a mile from the beginning of

its driverless odyssey. The bus broke loose at 6:40 Wednesday morning while parked next to the Bank of America building here.

Workers Rush To Scene; Repair Damage

A DOUBLE CREW works rapidly worked straight through from "pruning" the downed pole of all its paraphanelia, preparatory to replacing it. A total of 16 men

Formal Dedication Of Community Center Sunday; Program Starts At 1:30 P.M.

Plans have been completed for the formal dedication ceremonies which will take place Sunday, for the new Daly City Memorial Community Center. The public is cordially invited.

According to A. L. Desmond, co-chairman in charge of publicity, an outstanding program has been arranged, starting with band selec-

tions at 1:30 p.m., presentation of colors, pledge of allegiance, invocation, selections by the Daly City chorus, dedication address by Mayor A. J. Gaggero and introduction of distinguished guests. The formal dedication ceremonies will close with Benediction.

The program will then continue (Continued on Page 2)

Disaster Averted As Vehicle Hits Poles

A driverless municipal railway bus careened down San Jose avenue Wednesday morning at a speed estimated as high as 50 miles an hour, leaving in its wake three smashed poles and cutting off electric and telephone service in some areas for more than four hours.

The Broadmoor Village bus, parked on San Jose avenue near the Bank of America building here, broke loose at 6:40 a.m., and first smashed a power pole carrying a 4400 volt line, then careened out into the middle of the street, winding up its journey by shearing off a street light and plunging into another pole at San Jose avenue and Rice street.

Police and fire calls to the city hall were transferred to the Broadmoor police department until lines could be repaired.

Alarms Go Off
Fire alarm boxes and all 130 burglar alarms in this city were set off when the bus struck the first pole, located in front of THE RECORD office.

The telephone company reports that 180 local phones were out of service, some intermittently during the period from 6:40 to 10:40, and the majority for the full four hours.

Two eye-witnesses, Donald La Borch, 98 Santa Barbara, San Francisco, and his daughter, Donna, 6, were travelling south on San

Jose when they saw the bus coming toward them. The vehicle swerved to the left near Goethe street, narrowly missing the La Borch car.

No Electricity
Damage to the service pole near Rice street caused four homes there to go without electricity until power could be relayed in at about 2 p.m.

In the vicinity of THE RECORD some homes were without power almost the whole day. Mrs. Catherine Phelan, 3339 San Jose avenue, adjacent to the newspaper office, got electric service at 6:30 p.m.

At THE RECORD production was stopped for nearly six hours as workers endeavored to repair the transformer there.

Two PG&E crews of eight men each labored the greater part of the day to repair the damage. Other service trucks were called out yesterday to finish up the job.

Level Parking Meters
Four parking meters at 3317 San

Jose avenue were demolished by the rampaging bus. City Administrator Dan Andersen estimated damage done to city property amounted to some \$350. Lines belonging to the local fire department were also affected.

The treasure of nickels and pennies that jangled to the sidewalks when the parking meters were struck were quickly picked up by passers-by.

Close Call
The cross-arm above the power pole remained intact although hanging precariously. G. C. Rowe, foreman on one of the heavy gangs, said that had this 12,000 volt unit gone out it probably would have left much of the area from here to Millbrae without power.

Driver Outside

Charles A. Blakeley, driver of the bus, was standing outside awaiting passengers at the terminal here when the bus plunged headlong down the street. Tom Irwin, of the San Francisco public utilities commission, said evidently Blakeley had not set blocks under the wheels, which is one of the railway company's fundamental safety rules. Blakeley has been suspended from his position until further investigation.

State To Condemn Land For Westlake Overpass On J. S.

Officials of the state highway commission said Monday that they would instigate condemnation proceedings immediately on the property at the intersection of Knowles and Junipero Serra in Daly City. The state plans to construct an overpass there which will take Westlake bound traffic off of Junipero Serra boulevard.

The City of San Francisco, owners of the four-acre site, had sought to lease the property for business establishments, an act which promised to earn them approximately \$400,000 over a 20 year period.

The San Francisco-State of California controversy which had flared over use of the land was brought to an end Monday when state highway officials, meeting with the city's public utilities commission, said that eminent domain proceedings would be begun immediately to assure the state that the land would be available at the time when it decides to go ahead on the proposed clover-leaf type overpass.

The state announced that some of the land condemned may not be needed for the overpass. However, it was pointed out, there must be ample leeway adjacent to the overpass for safety purposes.

New Bell And Light Attack Warning Goes In At Daly City Police Department

The new bell and light attack warning system, termed the "fastest yet devised" was officially put into action in Daly City and eleven other San Mateo county cities Monday.

The set-up has been installed at the Daly City police station several weeks, but was officially put into service Monday.

A separate installation for the county itself has been set up in Redwood City.

At the same time 43 other cities in the nine Bay Area counties were "cut over" by the telephone company along with five county-wide installations, three key "sending points" and the regional control center located in the Berkeley hills.

"The bell and light attack warn-

ing system will now make it possible for the counties and cities of the Bay Area to receive a simultaneous report on approaching enemy aircraft in less than 10 seconds," according to Harry H. Stoops, regional coordinator for the nine Bay Area counties. He added that the old warning system of "Fan-out" telephone calls took approximately 12 minutes.

Other cities whose bell and light systems are now operative are: Belmont, Burlingame, Redwood City, San Mateo, San Carlos, San Bruno, Colma, South San Francisco, Hillsborough, Menlo Park and Millbrae.

E. R. Stallings, county director of civil defense, said that the civil defense organizations throughout

County Planners Halt Sub-Station In Colma

The Pacific Gas and Electric's project to erect a \$1,000,000 electric substation near Colma ran aground last week when the county planning commission unanimously refused to grant a use permit for the undertaking.

Officials of the company told THE RECORD that the only recourse open to the company now was to appeal to the county board of supervisors.

It was the opinion of the company that the proposed site, located in the Abbey Homestead area, is the only one available for installation of the twin 110,000 volt line needed to service the growing area.

E. R. Daniel, PG&E engineer, and W. P. Bedgood, the company's division superintendent, said that a substation is critically needed in the north county to serve the burgeoning area.

Fred Bertetta, chairman of the local planning commission, told the county planners that the site pro-

posed for the substation is the only remaining level site in the area suitable for residential expansion.

He told the group that Daly City plans to annex the area and does not want to annex an electric substation. The site proposed is adjacent to the new Colma elementary school.

A total of 139 residents of the area and from Jefferson school district signed protesting petitions which were presented to the commission. It was pointed out in the petitions that streets would have to be abandoned to make room for the construction. This would increase the fire hazard in the neighborhood and decrease property values in the area, the petitioners claimed.

The land in question is already owned by PG&E, and might be used by the company as a service headquarters if appeal to the board of supervisors is of no avail, officials said.

The county will now be able to move into action the moment the "yellow or red alert" is flashed by this new dialing system.

"Thousands of lives may be saved by this system," Stallings added. "Strongly manned ground observer posts throughout California, coupled with our radar network, will spot enemy aircraft should they attempt to penetrate California from any direction," he continued.

The state office of civil defense is financing all county and city bell and light installations in region 3 at a cost of \$8400, with a monthly rental of some \$350 for the 64 installations.

fire insurance rates here may take a jump which might amount to \$8 per home owner over a three-year period.

The other issue before the voters, a \$160,000 bond for completion of the War Memorial building, has come up for much heated discussion in the past but now has the backing of individuals, civic organizations and clubs. With passage of the bond the center, formed in architectural circles one of the finest in the country, is expected to be complete and ready for use within six months.

Total cost of the three bonds to homeowners will range from approximately \$1 to 1.75 per year, figuring five cents tax on every \$100 of assessment. The bonds will be paid off over a period of 27 years, with chances for a drop in rate after the 20th year.

On Tuesday's voting 17 precinct polling places will be open.

from 3 to 4 p.m. with a band concert and guided tours through the Memorial Community Center. One of the high lights of the afternoon program will be a costume folk dancing party from 4 to 6 p.m. in which the public may participate. Climaxing the program there will be a free social dance in the evening commencing at 7:30 p.m. to which the public is cordially invited. Music will be furnished by Johnny Dell's orchestra. Come early and bring your friends, say members of the dedication group.

maored in physical education. He holds general secondary credentials and is a member of the California recreation society.

Redlin, 29, a captain in the Marine air force, was born in Neenah, Wis., and was graduated from the University of Wisconsin in 1942. While there he majored in philosophy and recreation. He is a member of the National Recreation association. He states in his application that he will be available Dec. 1, on release from service.

A native of San Francisco, Susan Gordon, 34, earned her bachelor of arts degree at Occidental college in Los Angeles in 1940. She majored in music, education and physical education.

She holds California elementary and special music teacher's credentials.

The other applicant to be recommended is Betty Jane Rank, 29, who is presently a recreation leader at the Veterans' Administration hospital in Oakland. She was born in Benicia and attended San Francisco state college until 1944, majoring in sociology and minoring in music.

She was graduated from College of Holy Names in 1945 with a major in psychology and social welfare, receiving a bachelor of arts degree.

The council will probably interview the four at a later date, according to Mayor Anthony Gaggero.

Elman Rose, present director, is vacating his position because of the weight of duties at Jefferson high school, where he is an instructor in mathematics.

IMPROPER PASSING RISKY

Passing another car on a curve or hill is such an obviously reckless procedure, it is amazing that motorists will attempt it, says the California State Automobile Association. However, enough of them tried it last year to cause the death of 310 persons and bring injuries to 5,800 others.

House Owner Is Found Guilty Here

A local jury has found L. V. Roberts guilty of maintaining a public nuisance at 96 Mission Circle, Daly City.

There were three charges, which included violation of health and safety codes, pending against Roberts at the outset of the trial Tuesday in Judge William Sweeney's court, but two of them were dismissed.

Local officials called upon as witnesses were Fire Chief Elmer Kennedy, Emil Stein, of the department of public health, and George Hopman, building inspector, all of whom cited the delapidated condition of Roberts' property.

Two other witnesses, who rent apartments at the 96 Mission Circle building, also gave testimony. They mentioned the squalid condition of the apartment, and one even pointed out that the boiler water heater was plugged with a piece of wood.

Roberts will be sentenced Wednesday.

ALLEN WILL GO TO SUPERIOR COURT

Aris Tee Allen, 21-year-old Daly City negro, was held to answer to Superior Court on charges of possessing marijuana at a preliminary hearing held here Wednesday.

In testifying, the youth, who was picked up a week ago by local police after allegedly molesting a young girl who lives near him at 275 Hillcrest drive, said he could say more marijuana cigarettes any time he wanted to in the Fillmore district, if he had the money. He said the "reefers" sold at 65 cents apiece.

Allen's bail was reduced from \$1000 to \$500 and his bond was set at \$1000.

Notre Dame Alumnae Plan Annual Meeting

The annual meeting of the San Jose-Belmont chapter of the Notre Dame Alumnae Association will be held on Sunday, Oct. 26, with registration at St. Mary's hall on the college campus. The business meeting at two o'clock will be followed by a tour of the newly completed college units. Tea will be served in Ralston Hall at 3:30, after which Benediction will be given in the college chapel. Mrs. Marc A. Cremer, president of the alumnae, will be assisted in greeting returning friends by the members of the board of directors including Mrs. Patrick Ganey of Daly City, Mrs. John Guerin of Burlingame, Mrs. Lawrence Baker of Palo Alto, Miss Joan Gibbons of Los Altos, Miss Anna Maes and Mrs. Joseph Schweitzer of San Mateo, and Mrs. George Siegfried and Mrs. O. D. Smith of Redwood City. Guests of honor for the afternoon will be graduates of the years ending in "2."

WILL TIGHTEN UP ON BRIDGE SPEED

The California Highway Patrol has ordered a crackdown on speeders on the San Francisco-Oakland Bay Bridge and has threatened imposition of a convoy system on span traffic.

The action came as a direct result of a recent head-on collision in which three persons were killed and eight injured. Witnesses told police one of the cars was traveling 60 miles an hour just before the crash.

Excessive speed has been blamed for all 15 traffic fatalities on the bridge and its approaches this year, and has been a contributing factor in most of the accidents that have taken 220 lives since the bridge was opened in 1936.

Under the threatened convoy system, several of the limited number of patrolmen available for bridge duty would travel back and forth across the bridge at exactly 10 miles an hour, the legal limit. Motorists passing the patrolmen would be cited for speeding. The result would be large groups of cars moving across the bridge under the control of a police escort.

FOSTER & KLEISER BOUGHT BY GRACE

The common stock of the Foster and Kleiser company, largest outdoor advertising concern on the Pacific Coast and second largest in the United States, has been purchased by W. R. Grace & Co., international trading concern in San Francisco.

Named to the board of directors of Foster and Kleiser at this time are the following prominent Pacific Coast executives: from San Francisco, Charles R. Blyth, president of Blyth & Co.; J. F. Sullivan, Jr., president of the Crocker First National Bank and William R. Wallace, Jr., attorney.

Columbus introduced sugar cane culture to the Americas.

FURTHER INQUIRY ON DROWNING OF DALY CITY MAN

The San Francisco police department is making further investigation into the death of Dominic Ippolito, 35, Daly City fisherman who died two weeks ago aboard his vessel after falling overboard 60 miles west of the Golden Gate.

A public inquest was held Tuesday and the jury turned in a verdict of death by drowning, but announced that the manner of drowning was yet unknown, according to the coroner's office.

Inspector Al Neldor of the San Francisco police department, who is investigating the death, said yesterday the drowning appeared accidental. However, he said, he wished to talk further with Ippolito's partner, Frank Clima, who was with the local man at the time of his death.

LARGE TURNOUT AT CITY BOND MEETING

More than 100 interested persons turned up at the Community Center gymnasium Monday night to make inquiries about and to discuss the three city bond issues.

John Mongan, vice principal at Jefferson high school, spoke of the value of the Center as a recreation area for juveniles. Judge William Sweeney also stressed the advantages of the Center as a recreation site for young people.

It was announced that a parade will be held Monday night to urge passing of the bonds. The event will begin at 7 p.m. and will start at the Community Center, then proceed north down Mission St. and back into town.

DUCK PROSPECTS

Duck hunting should be extremely good in the San Bernardino county area in this coming season if additional hunting grounds can be obtained, predicts the National Automobile Club. Large flights of birds are now in the area.

Electricity Up

GO AHEAD GIVEN ON RATE HIKE

The California Public Utilities Commission has authorized Pacific Gas and Electric company to increase its electric rates approximately 16 per cent, overall. The company had applied for a 22 per cent increase.

Daly City residential customers, on the average, will pay an increase of about 80 cents per month, as will other PG&E subscribers.

Effective Nov. 10

The new rates will become effective for service rendered on or after Nov. 10, 1952.

PG&E requested a total annual increase in gross revenue of \$45,704,000, but the Commission reduced this amount by \$12,714,000.

According to commission computations, the increase for 1,400,000 customers in 46 of the state's 58 counties will amount to \$30,642,300 annually.

More To Come

The commission also permitted possible future negotiations of special contracts which, if carried out, could add another \$2,348,000, eventually making the total increase in gross annual revenue \$32,990,000. Unless and until such contracts are negotiated, the loss of revenue will have to be borne by the company, the decision declared.

Commercial and industrial customers will pay an additional \$13,450,000 per year, or 41 per cent of

the total increase, according to estimates by commission engineers.

The 1,138,000 residential or domestic customers, 79 per cent of the total of 1,400,000 customers, will pay an additional \$10,957,000 or about 33 per cent of the total increase.

Remaining 5%

The remaining customers, 5 per cent of the total, will pay the remainder of the increase, amounting to 26 per cent or \$8,583,000. These customers include largely agricultural power, resale to other electric distributors and municipal street lighting service.

Navy Will Train Men, Women In Schools

The Navy announces that it is again taking applications for enlistment and expects to train an increasing number of young men and women in recruit and trade training schools before assigning them to ships and stations throughout the world, announced the Navy recruiting office in San Mateo.

Men receiving pre-induction physical notices, but not their induction notice, can still apply for enlistment in the armed forces of their choice. Navy men are assured of training in a line for which they are best fitted as a result of aptitude tests given during recruit training followed up by instruction in schools and on-the-job training in their chosen profession.

Apply today for your appointment and eventual early selection. See your Navy recruiter in the post office building in San Mateo. Phone DI. 4-2781.

MOUNTED POLICE WILL LEAD BIG PARADE

Officers and men of the famed Royal Canadian Mounted Police turned their horses toward San Francisco this week to lead the million dollar parade of prize animals converging on the Cow Palace for the opening next Friday (Oct. 31) of the 1952 Grand National Livestock Exposition, Horse Show and Rodeo.

Moving with them along the livestock trails and bridge paths of the nation were 3,229 head of the country's finest beef and dairy cattle, swine and sheep en route from 294 purebred ranches in 17 states and the pick of the nation's "equine" aristocracy.

Performances of their world-renowned Musical Ride by the Royal Canadian Mounted Police will highlight this year's arena specialty acts which are the most spectacular ever presented in the history of the "Show of National Championships."

Grace Presbyterian's Women's Council To Observe Anniversary Dinner Oct. 30

The fifth anniversary dinner and program of the women's council of the Grace Presbyterian church will be observed at the church Oct. 30 at 12:30 p.m.

At the executive meeting last week plans made for the program included special speakers, featuring the past, present and future work of the women's council.

Mrs. Einar Hanson is scheduled to lead a special devotional. Mrs. Alfred Greig will deliver a solo, "Our God Our Help," by Isaac Watts.

Those whose autographs are in the 1947 yearbook will be seated at a special table with Mrs. Walter Kesler, first past president, as hostess.

Members of the Ladies Aid society will also be seated at a special

table with Mrs. Archer-Riddele, hostess.

Members who came into the circle since 1947, along with guests, will occupy the third table. Mesdames Henry Adams and Andrew Ander will act as hostesses.

A council fellowship review will be given by Mrs. Gene Andries, secretary.

A stewardship account will also be given by Mrs. Stanford Hannah, treasurer.

Each table will feature a special birthday cake with five candles. Circle number four will serve the anniversary ham dinner with Mrs. Clyde Noe taking charge and Mrs. William Harberts acting as toast mistress.

Friends interested in the activity are welcome to attend.

The following night, at 8 p.m., the men's brotherhood will meet at the home of Nelsen Jenkins, 42 Duval drive in South San Francisco.

IDLING THE ENGINE

Idling an automobile engine for long periods is detrimental, says the California State Automobile Association. This organization points out that in prolonged idling, the usual crankcase ventilation may not function as well as when the car is moving and as a result the oil is diluted, causing inefficient lubrication.

Graphic Proof of Number of Accidents Shown

A FAST GROWING METHOD of recording traffic accidents is this chart used by the Daly City police department. Instead of thumbing through volumes of statistics, officers have only to glance at the pinheads of the detailed city map to discover where the majority of accidents occur. Large group of dots at the upper right hand corner gives graphic evidence of the number of mishaps at the intersection of Mission and San

Jose avenue. Police Chief Roland Petrocchi said by a quick glance at the chart, even a layman can ascertain the areas where more patrolling is needed. He also said that when there is a large congregation of the pins at one locale, despite seemingly adequate traffic regulation, the problem is sometimes discovered to be one of engineering. Eight different colors of pins are used to designate the nature of the accident, ranging all

the way from bicycle to fatal auto accidents. Petrocchi said placing of traffic personnel can often be determined by the density of the pins in a certain area. A similar map, which will locate incidence of crime by pins, is under preparation by the local police department. This method of spotting crime and auto mishaps is gaining popularity with police departments across the country. Daly City has used the accident plotting map nearly a year now.

Serra Mothers' Plan Afternoon Card Party

The yearly party, "An afternoon of cards for Serra," scheduled for Oct. 29 in the school auditorium, was an important item of business at Wednesday's meeting of Serra Mothers' Auxiliary in San Mateo. Reservations chairman Mrs. Queron Danielski, DI. 3-0756, reported more than half the available tables already reserved. Interested friends of Serra may contact her or co-chairman Mrs. Joseph Sweyd and Mrs. Ward McMullen.

The prize committee reported high score gifts for each table. Mrs. Azimen Plehiers and Mrs.

James Burton announced that, through the courtesy of a local store, a Westinghouse electric roaster will be featured as a special award. Decorations and table arrangements committees promise an attractive setting for the coming afternoon of cards.

Other business included the decision to take as the auxiliary's project for the year purchase of special equipment for the school. Mrs. Le Roy Gast, president, presided.

The cone of the redwood measures not much more than three-quarters of an inch in diameter, is often smaller.

Jeff Martinez Is Aboard Destroyer

Serving aboard the destroyer USS O'Brien in Korea, is Jess Martinez, machinist's mate fireman, USN, son of Mr. and Mrs. David Martinez of 61 Alexander avenue, Daly City, Calif.

Martinez enlisted in the navy April 15, 1951, and has served on the O'Brien since Nov. 29, 1951.

He was graduated from Jefferson high school in 1950.

This is the O'Brien's second tour of duty in the Far East. She has been ordered to take station on the firing line in Wonsan Harbor. As a unit of the UN Escort and Blockading Force, the O'Brien is bombarding enemy shore installations and blasting transportation facilities leading to this important link in the Red supply line.

So long for now. See you next week.

Cigars Passed Out But Husband Didn't

The passing out of cigars, which were not quite explosive, but highly pungent, to members of THE RECORD staff and other acquaintances served as announcement that Frank Monte, RECORD advertising man, had become the father of a nice-sized (7 lbs. 11 oz.) baby girl Friday morning.

The baby, named Michele Ann, was delivered at St. Francis hospital and both she and the mother are doing well, while the father has nearly recovered.

Westlake PTA Drive Nets 300 Members

The enthusiastic response of Westlake Parents has resulted in over 300 members for the Parent Teacher Association during the first two weeks of the membership campaign. The PTA would like to reach its goal by the end of October. The National Parent Teacher offers five good reasons for joining a PTA.

1. To know facts and findings about the child's welfare and to take advantage of pooled information involving parent, child, and teacher relationships.

2. To think creatively from these facts and findings with other persons pledge to the child's world, which is our world.

3. To feel a sense of fellowship and communion with millions of persons who seek a common goal.

4. To help to attain this goal through organized action and multiply our powers through concerted effort.

5. To grow through shared information and common endeavor into parents and teachers worthy of the tasks our generation is called upon to perform.

The next meeting of the Westlake PTA will be held at the Westlake school, Thursday evening, Nov. 6 at 8 p.m. The theme for the month is "Your child's health at home and school."

Miss Antoinette Gattuccio, school nurse, Mr. Huajardo, P. E. Coordinator and Mr. Schweickhardt, Guidance Coordinator, will discuss the health program for the district. The sixth grade will present a panel discussion based on the month's theme.

The Executive Board will meet at the home of Mrs. Fred Kruse, 78 Lake Forest drive, Monday evening, Oct. 27, at 8 p.m.

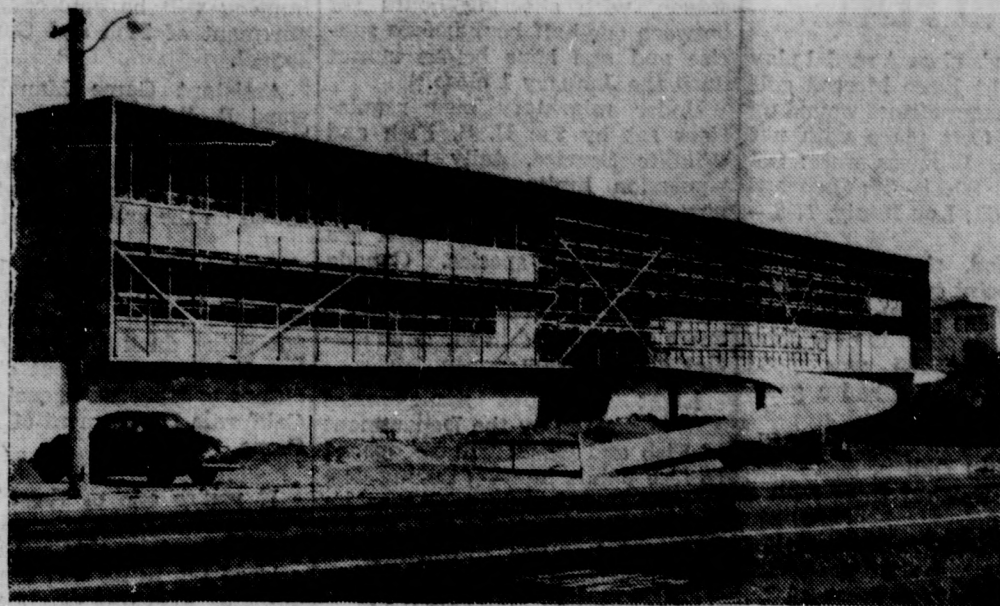

Mrs. Harry Bosberry of this association will serve as chairman of the Coordinating Committee PTA, Jefferson School Districts for the ensuing year.

The Record, Daly City, Calif.

Thursday, October 23, 1952

IN EARLY SEPTEMBER, 1951, the Community Center looked like this. Today, more than a year later, the exterior is practically complete, but installation of lighting, plumbing and other facilities remains to be completed, as well as landscaping, millwork, and supplying of equipment. Daly City voters will go to the polls Tuesday to cast their ballot on a \$160,000 Community Center bond issue. Two other bond issues, water and fire department, will also come up for vote.

HILLSIDE PTA HOLDS REGULAR MEET; TALK GIVEN BY PROBATION OFFICER

The Hillside PTA held its regular meeting Oct. 15 at the Colma school with Mrs. A. J. Nagy, president, presiding, and in the absence of Mrs. John Hiller, secretary, Mrs. Beber, corresponding secretary, read the minutes of the meeting. The appointment of Mrs. A. J. Gaggero as financial secretary and Mr. Don Pagani as auditor was voted on and approved.

Mrs. A. J. Gaggero was ratified as the parent education chairman. Mrs. Louis Bertetta was ratified as recreation chairman, for the Halloween party being held Oct. 31 at the Jefferson Union high school.

Mrs. F. Klassen, program chairman, presented her program which was adopted and is being printed. It will be ready for the members as soon as possible. Mrs. Thomas Mullen, treasurer, in the absence of Mrs. F. C. Wittig, budget and finance chairman, read the proposed budget, which was adopted.

Mrs. Charles Hansen gave the membership drive report. She reported 187 parents have joined with teachers 100 per cent.

Mrs. Joseph Verducci, magazine chairman, is taking names for the subscriptions for the Parent Teacher magazine. Call PLaza 5-5379. Mrs. J. D. Hopper reported on the 17th District sectional meeting.

FAST MOVING PANEL HELD AT RECENT PERSHING PTA MEETING

A stimulating panel discussion was held at the first regular meeting of General Pershing PTA Oct. 16 at General Pershing school.

On the panel, presided over by H. Z. Weibel, superintendent of Jefferson Elementary school district, were Mrs. Louine Bostwick, curriculum coordinator, Antoinette Gattuccio, school nurse, Robert Ruth, representing parents, and William Tergis, representing teachers.

Interrogation was keenest on the subject of the school situation. Some questions asked were: When are we (in the older section of Daly City) going to get more schools? Why did the city council turn down the use of the north wing of the War Memorial building for classrooms? What had the school district done as far as trying to secure the new building for classrooms? How can we get state aid on our school building program and still be able to do needed enlarging and improving on sites such as Crocker and Woodrow Wilson school tracts which could not be approved under state aid code?

After considerable debate a motion was passed to appoint a committee of six to examine the possibilities of using the War Memorial building for classrooms.

The committee is composed of Mrs. Larry Yule, Mrs. George Naylor, Mrs. Harvey C. Smith, Ted Weiden, Clyde Noe and Robert Keith.

The motion also invited the cooperation of the other PTAs in this matter.

Also coming up for discussion were TV programs, movies, detaining of children after school in afternoon sessions, use of phonics in present day teaching, parents helping with homework, and the monitor system in the absence of the teacher.

On the topic of parents helping children in their studies, Tergis said that if parents will actually take time to talk to their children and answer their questions thoughtfully, this would of itself be of great help in building a child's foundation for all learning experiences.

Recreation Dept. Halloween Parties On Oct. 31 Are Open To All Local Children

The Daly City recreation department and the local PTAs extend an invitation to all the children in the district to attend free Halloween parties on Friday night, Oct. 31.

The children will have the opportunity to participate in organized programs, costume parades and talent contests. They will also be served free ice cream.

Prizes Offered

Prizes will be given for the best looking costumes, the funniest costumes, the most original costumes, stunt games winners and amateur winners.

The children in the 4th grade and up will have a party at the Jefferson high school cafeteria under the direction of Mrs. J. Bertetta of the Hillside PTA and the Colma PTA. The children in the 3rd grade and under will have their party at the Jefferson high school Little Theater under the direction of Mrs. R. Williams of the Woodrow Wilson PTA. Mrs. R. Cresta of the O.L.P.H. Mother's Club will direct two parties for the youngsters. One for the 3rd grade and up will be held at the O.L.P.H. Hall. The other for the 2nd grade and under will be held of the O.L.P.H. Annex. Mr. William Tergis of the General Pershing P.T.A. will be the general chairman of the party at Bellevue Hall for children of all ages.

All Age Party

Grace Presbyterian church will be the location of another party for all age groups. The party will be under the direction of Mrs. A. Lyon of the Crocker PTA. The Jefferson Block J Society will sponsor a dance for the teenagers at the high school auditorium. The Block J society will be assisted by Mrs. H. Blackburn and Mrs. Ann Eason of the Jefferson Union high school PTA.

Rec. Dept. Sponsors
The Halloween parties mentioned above are sponsored by the Daly City recreation department with the assistance of the Parent Teacher Association's of Daly City, the O.L.P.H. Mother's Club and the Women's Civic Club.

The children of Westlake will meet for their party at the Clubhouse, 95 South Mayfair. This party is sponsored by the Westlake Improvement Association with the assistance of the Daly City Recreation Department. The children of Broadmoor will meet at White street to celebrate Halloween. The Broadmoor party will be sponsored by the James Snell PTA, the police department auxiliary and other organizations.

HOW Can We Do It?

The above question has been asked by so
many as the result of my ad of last week sug-
gesting that steps be taken to divide our city
into two cities, Daly City and Westlake, that it
seems an explanation of the most important
phases of such a procedure is in order.

1. An election is required.
2. It takes a petition signed by 50% or more
of the number who voted at the last Municipal
election. It must be a special election.
3. It requires a majority vote of both sec-
tions.
4. Any bonded indebtedness against the
city before it was divided is payable as it was
before being divided.
5. Quite understandably, an election for
such a purpose should be held just sufficiently
in advance of the end of the fiscal year, June
30, 1953, to allow the new city to be formed in
time for a tax levy for the next fiscal year.
6. Another important question that has
been asked is, "What will be the attitude of the
builder of Westlake on such a proposal, that of
bringing about two cities, Daly City and West-
lake?"

My guess, based on his outstanding business ability, fore-
sight and acumen as evidenced by his world famous accom-
plishments is that he will be wholeheartedly in favor of it as
being to the best interests of all in the long run. If he decides
otherwise I shall conclude that his decision was based on po-
litics rather than the result of his using his usual good judg-
ment.

The interest created by that ad of last week has been so
intense and the opinions that I have heard expressed in favor
of creating two cities so nearly unanimous that I have been
astounded to the point where if I were a City Councilman I
would advocate a postponement of the coming bond election
until that most important question whether to divide Daly
City into two cities has been decided.

The situation ahead under our present setup, as I see it,
could be termed "organized confusion" and I most candidly
advise that the bond issue to be voted on next Tuesday should
not be passed.

Jefferson Drama Group To Present Comedy "Personal Appearance" Tonight

With one successful performance off the calendar, the dramatic department of Jefferson Union high school will raise the curtain on "Personal Appearance" tonight. A three act comedy, "Personal Appearance" will be directed by Miss Eunice Seaton, drama instructor.

Cast for "Personal Appearance" includes Jo Anne Gordon as the stage struck young girl, Gladys Kely, Janice Sproule will play the part of Aunt Kate Barnaby, a witty old maid. Mrs. Struthers will be played by Shirley Raser. Bob Scheapfer will be Bud Norton, a typical American boy. Clyde Pelton will be played by Bob Bridges.

Also included in the cast are Ron Dickson as Futtie; Jim Rector as the chauffeur, and Aline De Botton as Jessie, the maid.

Miss Seaton is assisted by Ron Dickson, student director. Pub-

licity for the play was handled by Jim Rector, Bob Bridges, Shirley Raser, Jan Sproule, and Florine Maroney. The ticket sales were handled by Donna Sharpe. In charge of stage properties is Ron Christensen. The prop committee consists of Carole Chapman and Cora Perkins. Joann Ruocco and Barbara Sullivan make up the costume committee. Yvonne Del Braccio and Jim Jones are in charge of intermission refreshments.

Mr. Mosily and his stage crew have done a fine job of setting up the theater "in the round." Members of the stage crew who are working hard are: Bob Bledsoe, Mario Leveroni, Victor Raggio, Ario Gregori, Louis Massoni, Don Baker, and Louis Cortopassi.

Tickets may be purchased at the door tonight. Admission is 50 cents.

Jeff Elementary School District To Hold Special Trustees Meetings On Saturdays

Saturday mornings have been specifically designated as an appropriate time to hold special meetings by the Board of Trustees of the Jefferson Elementary School District.

The volume of business and educational matters has grown to an extent that requires one or two special meetings per month in addition to the regular meeting held the fourth Thursday of each month.

Another change is to hold all meetings in the Administration Building, 344 Santa Barbara avenue to avoid confusion in meeting places.

Use of the Woodrow Wilson Building for weekly meetings of a teachers' in-service course in

reading was approved. The appointment of a crossing watchman for 87th and Washington Sts. was considered. March 6, 1953 was declared a local holiday for an institute session by the teaching staff.

The Board spent considerable time studying proposed plans for additional buildings to be constructed.

The proposed bond election and authorization to participate in the State Aid to school buildings has had to be postponed from the date established by the Board.

The procedure for the local district to secure the State Aid has not been established by the State Department of Finance. It is expected the election will be held in early December.

Plan Gala Event In Westlake On Halloween

Free candy, ice cream and gaudy Halloween raiment will highlight the kids' Halloween party to be held Friday, October 31 in Westlake.

A parade, beginning from the clubhouse, 95 S. Mayfair, at 7 p.m. will wend its way down S. Mayfair to the shopping center.

On arrival there, 25 awards will be passed out by merchants to the wearers of the most fitting costumes. Judging will be by an impartial group.

The Westlake Merchants association has announced that bags of candy and ice cream will be passed out free to all children.

The association has asked that pedestrians coming from the north side of Alemany cross at the upper gate where there will be police protection.

Delegates from Colma Vista Grande Aerie No. 1848, Fraternal Order of Eagles, will attend a special "leadership conference" of Eagle units in San Francisco on October 30, according to an announcement by Worthy President Del Fehl. The conference will be under the direction of the Eagles' Grand Worthy President Ray A. Rohde of Peoria, Ill.

Fehl said that a total of 17 aeries had been invited. Local men attending, besides the president, are: George Wheeler, vice president; Mel Battye, secretary; Larry Romer, chairman of the board of trustees; Gerry Summers, membership director; Harry Curusis, aerie auditor; and Bill Carrington, membership security chairman.

Among the topics to be discussed at the meeting are the structures of Aerie benefit funds, operation of social rooms, membership, delinquency and functions of the Aerie auditor.

Local Lions Ready For Day at Pumps

The Daly City Lions have urged local residents to let their gas tanks run a little low around November 8, when the Lions will spend a "day at the Arneson's pump."

The Lions will take over Arneson's service station that day, with all proceeds scheduled to go for the girl scouts summer vacations.

The committee in charge of the project is anxious to have as many Lions as possible sign up for a two-hour work shift on that day.

In The Past

TEN YEARS AGO IN THE RECORD

Thursday, Oct. 22—With a vow to "tame the Lions" in the popular American sport of "setting 'em up and knocking 'em down," the city councilmen of Daly City are grooming desperately for the crucial bowling series at the Sport Center tomorrow night when they meet the Daly City-Colma Lions club.

Boasting a skilled array of high scoring kglers, the city fathers issued a pointed challenge to the Lions for a bowling series—one that the Lions courageously accepted. The meet is scheduled to get under way at 8:30 p.m.

With the new dimout restrictions here slated to go into effect Sunday, Arthur J. Bodien, chief

dimout officer, cautioned all residents and business proprietors in Daly City to be especially careful that all lighting is either extinguished or shaded properly.

Elimination of sky glare is the chief purpose of Public Proclamation No. 12 of the Western Defense Command which places more rigid restrictions on the use of lighting in the designated zone. Daly City, by virtue of its geographical location is one of the most affected cities on the Pacific Coast in regard to dimming out lights.

All Italian aliens in Daly City and Colma became officially exempt from the curfew and travel restrictions for enemy aliens Monday by a national order. They no longer are required to be in their homes between the hours of 8 p.m.

and 6 a.m.; nor are they held to a limit of travel within five miles of their homes.

FIFTEEN YEARS AGO IN THE RECORD

Friday, Oct. 22—Two switchmen found the body of Paul Woods, 32, of 3837 Twenty-sixth street, San Francisco, in a lot at the foot of Hillcrest drive, west of the railroad tracks, Monday morning of this week at 8 o'clock. The switchmen, Jesus Mata, 400 Visitation avenue, and Basilio Pelligrini, 272 Delano street, notified Chief of Police James G. Reardon, who relayed the word to the coroner.

Near the body was found a 410 shotgun and a box of shells. A gaping wound in the groin led to the theory that Woods was a suicide.

Doctors at the Villa hospital are confident of the complete recovery of Flora Regan, 18, who was struck by an automobile as she stood in a safety zone on Mis-

son street, early last week. Manager Joseph Sarto reports the condition of the pretty Daly City girl as greatly improved and describes her as "resting quietly" in the local hospital, in spite of a fractured skull and internal injuries.

TWENTY-FIVE YEARS AGO IN THE RECORD

Friday, Oct. 1—While boarding a street car at Templeton avenue and Mission street Mr. and Mrs. R. E. Fletcher, 216 Templeton avenue, were painfully injured.

Mr. and Mrs. Fletcher had just boarded the rear platform of the street car when another car, coming from the rear, smashed into the rear end of the car they were on, the impact throwing Mrs. Fletcher off the car, landing in the street on her back, rendering her unconscious. Mr. Fletcher was also thrown to the ground and landed on his right side.

Mr. and Mrs. Arthur Bodien,

565 Bellevue avenue, motored to Monte Rio on Sunday with a party of friends.

Tom Tromborg of Daly City is reported as doing nicely following a recent operation for appendicitis at the Community hospital.

Cub Pack No. 248 Will Initiate Eleven

Initiation of 11 new cubs will take place tonight at 7:30 o'clock at the meeting of Cub Pack 248 in Westlake.

The ceremonies will be held at the clubhouse. Refreshments will be served to cubs and their parents. J. Moore is Pack 248 cubmaster.

BEAR HUNTERS HAVE LUCK

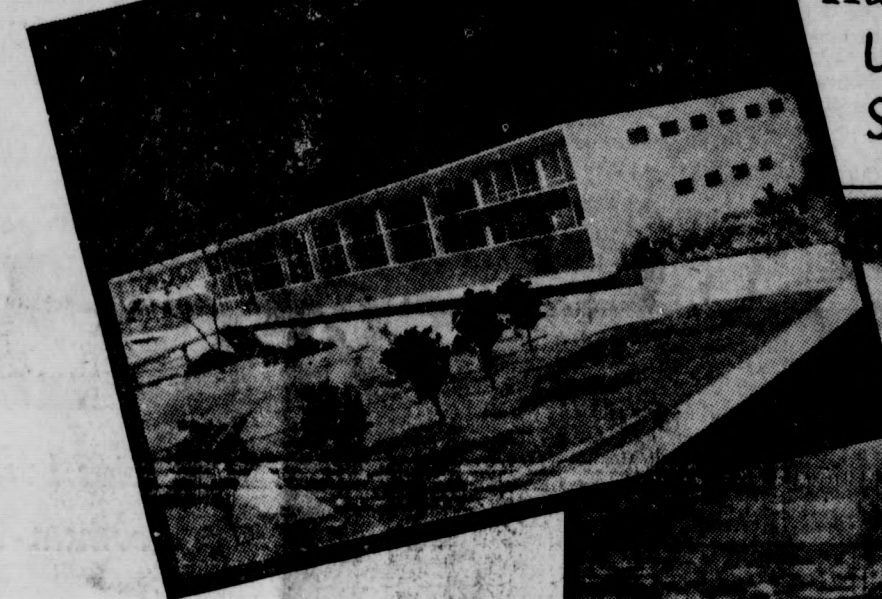

Bear hunters have been enjoying some first-rate sport during the past week in the Georgetown and Pino Grande areas of El Dorado county, reports the National Automobile Club. Most of these hunters have been using hounds.

The best COMMUNITY CENTER on the entire Peninsula. A beautiful modern building comprising an auditorium accommodating 1,000 persons for dances, conventions, sports events and general recreational activities. Kitchen facilities accommodating 1,000 persons. There will be two separate meeting halls for Veterans, fraternal clubs, neighborhood associations and women's groups. This Community Center will be suited for Red Cross activities and could be used for temporary hospitalization or shelter should disaster strike in this area.

A modern water system. The addition of two new wells with submersible pumps and 100 horsepower boosters to guarantee an ample supply of good Daly City water for years to come. The need has been determined by an engineering survey and the total cost of modernizing the entire system is \$390,000 TO BE PAID BY REVENUE BONDS OUT OF THE INCOME DERIVED FROM THE SALE OF WATER WITHOUT AFFECTING THE WATER AND TAX RATES. Water and fire protection go together, so...

A modern Fire Department including a 65-foot aerial truck plus an additional, fully equipped fire station, a 1,000 gallon per minute pumper truck, a co-ordinated fire alarm substation and facilities to accommodate a full-time Department for full-time protection.
